

## **New Tip / Breaking News:**

A criminal organization focusing around a fake 'godman' named 'Nithyananda Swami' is scheduled to enter Malaysia and Singapore at the end of May, 2012.

The authorities in both countries have been notified including:

- Ministry of Home Affairs
- Immigration
- The Department of Religious Affairs (MUFTI) (Malaysia)
- National and Regional Police Departments

(See letter below for proof)

Fake 'godman' Nithyananda Swami has been arrested in India for serious criminal charges including:

- Organized and aggravated (multiple) rape
- Sodomy
- Unnatural sex (sex with another male – multiple times)
- Fraud
- Tax evasion
- Smuggling
- Destruction of evidence
- Offending religious sentiment, and more

(See links below for proof)

His followers recruit sex victims including women, men, and minors and bond them to sex contracts (See links below for proof). His followers also try to intimidate the government officials by sending threatening letters written in blood (see links below for proof.)

In the U.S., Nithyananda Swami, his organizations, and core followers are under investigation for money laundering, tax evasion, fraud, organized rape and more.

If this was not bad enough, fake 'godman' Nithyananda Swami advocates eating humans as being spiritually beneficial. (See link to his YouTube video enraging such horrible crimes for proof.)

Based on information and belief, it is very likely that both Governments in Malaysia and Singapore will not only deny entry (block arrival) to 'Nithyananda Swami', but will also shut down his recruiting centers in Malaysia and Singapore and arrest the local leaders.

This will be breaking news.

Below (next page) is the content to the letter sent out to the Singapore authorities:

May 9, 2012

To the Immigration Department, The Republic of Singapore,

**RE: SUBVERSIVE & CRIMINAL INFLUENCES BY NITHYANANDA SWAMI**

**PLANNED VISIT TO RECRUIT & LAUNDER MONEY BY NITHYANANDA – MALAYSIA: MAY 27-30  
SINGAPORE: JUNE 1, 2012**

--

Dear Immigration Department, The Republic of Singapore,

With deep concern, I would like to warn you of some very dangerous and subversive influences to the good and honest citizens of Singapore. His name is 'Nithyananda Swami'. He is a dangerous self-appointed 'godman'. He has been arrested in India for several felony crimes including organized and aggravated rape, sodomy, unnatural sex, fraud, tax evasion, smuggling, and more. Due to his wealth and political connections, he is out on bail and free to travel internationally.

'Nithyananda Swami' has a strong following in Singapore (as well as Malaysia) with several recruiting centers in both Singapore and Malaysia. He operates both countries as one business venture. He has announced that he first visit Malaysia from 27 through 30, May 2012 to conduct a recruiting workshop, and then go to Singapore to conduct another recruiting workshop on June 1, 2012.

On June 11, 2010, they were released on conditional bail. Shortly after

being released, the bail restrictions were relaxed to allow Nithyananda Swami to lecture again. In April of 2011, Nithyananda Swami's bail restrictions were relaxed again to allow him unrestricted domestic and international travel months.

In March 2012, the police in Karnataka, India filed additional sexual criminal charges of aggravated sodomy and rape against one of Nithyananda Swami's former male followers.

Nithyananda Swami and his organization would use various techniques to silence his victims including the use of a sex contracts and threats of severe financial retaliation.

### **Dangerous Teachings – Advocates Eating Human Flesh**

What would seem to be an unbelievable and unthinkable crime against humanity, Nithyananda Swami, as recently as April 11, 2012 on his eNTV YouTube channel, advocated for his followers to eat human flesh. Nithyananda Swami said that eating flesh was spiritually beneficial to both the person who was being eaten as well as his human-eating followers.

In Nithyananda Swami's own words:

<http://www.youtube.com/watch?v=Tu4xKfqLvnE&t=3m39s> (at 3:39 minutes into the video)

<http://bit.ly/eat-humans> (same as above)

Although Nithyananda Swami did not advocate someone to be killed, it is nonetheless very disturbing to think that this so-called spiritual exercise is practiced. Most of Nithyananda Swami's followers believe him to be God incarnate. Although Nithyananda Swami might claim to be just sharing 'knowledge', his followers could take his word as 'holy instructions' to liberate their lives. Therefore, it is very probably that a few of his followers could try this morbid technique on their own. If Nithyananda Swami and his followers do practice eating human flesh, then the logistics and moral implications on how this is achieved need to be raised. Does Nithyananda Swami and his followers obtain permission from the person before he or she passes away to be eaten by his followers? Does Nithyananda Swami and his followers obtain this same permission from the close relatives of the newly departed? If human flesh is consumed, how does Nithyananda Swami and his followers distribute it? Are others aware that they are consuming human flesh or is the human remains mixed in with the other food oblivious to most of the followers except a few?

Regardless of whether Nithyananda Swami and his followers eat human remains or not, most civilized societies would have laws that even advocating and encouraging such morbid and inhuman behavior as being against the law.

### Intimidation Letters in Blood Sent to the Government Authorities

Shortly after Nithyananda Swami was released from jail in 2010, he instructed his followers to write the Indian Government authorities letters signed in blood to stop further legal action against him. Although most of the letters that were published on Nithyananda Swami's website were strong but politely written, the very fact that each letter was smeared in the follower's blood could be seen as a veiled attempt to intimidate the government officials. After all, the followers of Nithyananda Swami regarded him as 'God incarnate', so there was not anything that they would not be willing to do in order to save him.

Attached are a few of these letters.

## Scheduled Dates in Malaysia and Singapore

Nithyananda Swami's goals are to recruit as many young males and females (including minors) to his headquarters in India so he can enslave them to have sex with him. As stated previously, here are signed copies of Nithyananda Swami's sex contracts. The co-signer of these contracts, Ma Nithya Sadhananda a.k.a. Ms. D Jamunarani has been arrested in India for her participation in this organized and aggravated rape. She is now known as 'Accused No. 6' in Nithyananda Swami charge sheet (indictment).

<http://bit.ly/sex-contract> (same as above)

Nithyananda Swami is also looking to raise as much money so he can launder it back to India to help finance his life of debauchery and finance his legal struggles against charges of fraud, rape, unnatural sex, sodomy, tax evasion, etc.

As indicated in the poster, Nithyananda Swami operates the region of Malaysia and Singapore as one venture. For one country to eliminate his influences, both Malaysia and Singapore need to purge Nithyananda Swami's operations.
